Corporate Profile

GRAPHIC VISIONS ASSOCIATES (GV) has served the metropolitan Washington region for 20 years. Through that time, the company has been serving clients as a **one-stop media source** for creative and practical solutions. The company is well known for its quality, flexibility, reliability and variety of professional services. We provide clients with a single point of contact for graphics (Contract# GS-23F-0161K), exhibits, photography, printing, and digital media production services.

GV is headquartered in Gaithersburg, MD close to I-270. The firm occupies approximately 15,000 square feet of industrial grade space and employs 35 full time employees and approximately 10 freelance experts who are "on-call" to meet changing workload requirements. GV has successfully executed thousands of projects for corporate clients, and for over a dozen government agencies, including General Services Administration FSS, Small Business Administration, NASA, Federal Highway Administration, Department of Labor, Naval Surface

Warfare Center, Comptroller of the Currency, Defense Intelligence Agency, Department of Justice, Environmental Protection Agency, Food and Drug Administration, Office of Personnel Management, and the Postal Service.

GV is particularly proud of its creativity and flexibility working with clients with unusual and non-standard jobs and deadlines. Client requirements can change frequently and dramatically, often in mid-project. Our specialty is to meet those changing requirements, and guide clients to the most mission- and cost-effective solutions.

Our combination of craft skills and commitment to quality, depth of expertise in technology, experience with Government agency needs, and our breadth of services make GV an ideal partner with the Government for the provision of marketing, media, and public information services.

The company has a complete full-service photo lab and finishing facility on site, which combines the latest in digital imaging capabilities with traditional analog and craft services. Capabilities include:

- Location shooting, including aerial
- Architectural photography
- Cibachrome prints
- Composite prints
- Color transparencies and 35mm slides
- Film processing
- Photo retouching
- Custom color prints
- Custom B&W murals
- B&W line, contone & halftone prints
- Creative photography
- Digital Duratrans, Duraflex, & Duraclear
- Versatec prints
- Digital manipulation and retouching of images
- Scanning and imaging (B&W or color)
- Custom framing

Graphic Visions has provided studio shoots, location shoots, and laboratory photographic services for commercial and government clients for most of its 20 year history. Photographic services have produced advertisements, illustrations, posters, exhibits, displays, and printed materials of all kinds. Services include all forms of chemical-based black & white and color photography and, more recently, digital photography and imaging.

GV maintains a staff of photographers and a full-service photo lab on our premises. Our staff of photographers and lab technicians performs all forms of photographic services including field and studio photo shoots. In addition, the staff has performed other photo services including photo retouching, photo editing, and high-resolution scans and digital imaging. Our technical understanding is demonstrated each day by the services we perform for a wide variety of clients in all aspects of photography.
